
SOAR's Baskets of Hope Project

Reaching one child at a time for eternity.

You can make a difference this Easter season! (Insert name of church, school, organization) is excited to join SOAR International Ministries' Baskets of Hope project. This project reaches children that are living in Russia, Abkhazia, Moldova, and Ukraine. The children may live in an orphanage, a remote village with few resources, refugee center or a city/village that has been partially destroyed by a war.

Each basket or backpack is filled with a Bible in the child's own language, a needed item such as clothing, school or personal care items, a sweet treat and a personal letter. The distribution of baskets & backpacks creates an opportunity to share the amazing story of Christ's life, death and resurrection at each distribution bringing true HOPE to their lives.

Become a part of the *Baskets of Hope* project: You can sponsor a basket/backpack and Bible for a child, write a personal letter, and pray for those touched by the project. These gifts will be personally delivered by our partners or a SOAR team during the Orthodox Easter season in April 2025.

Please visit the *Baskets of Hope* display to get more information on how you can be involved. You can also visit SOAR's website at www.soarinternational.org/BOH or call their office at: **907-283-1961**

Partner with us as we reach one child at a time for eternity!
